Amazing contrasts and spectacular scenery greet the traveler in Alaska—for this is truly a land of many lands. Nowhere else in the world may there be found such natural scenic grandeur on so magnificent a scale.
Influenced by many nationalities, Alaska's historical background is rich with native lore, with tales of romance and adventure. THE ALASKA LINE is Alaska's most important transportation link with the States—let THE ALASKA LINE show you all Alaska. This is America's last frontier, America's most varied Vacationland.
