VEGETABLE PILLS,

The greatest Family Medicine in the World.

VEGETABLE PILLS.

These Pills are composed entirely of herbs, and are intended to operate not so much on the bowels as the whole system; they will first act on the part diseased, and remove it by acting as a very gentle purgative, & if you feel slightly unwell, with a dull and heavy sensation, a few pills will remove it, & give you new life & vigor. For fever, & ague or chills, these pills stand unrivalled & alone. In most cases one dose will drive them away, but a few doses of them & the botanical Syrup will completely cure any case, no matter how bad or of how long duration, they will carry away most any disease to which the human system is liable if taken in connexion with the Botanical Syrup, & the patient has nothing to fear from either diet or exposure in the use of any of D' G Stuart's medicines. *Large Boxes, 50¢ Small, 25¢*
